SUBMISSION OF CORRECTED DRAWINGS

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

A Notice of Allowance and Notice of Allowability were mailed for the present application on April 6, 2004, wherein the Examiner indicated acceptance of the drawings filed in this application on September 26, 2003. However, subsequent to this, Applicants received a Notice Regarding Drawings, mailed June 24, 2004, with an accompanying form PTO-948 requesting corrected drawings. Hence, Applicants submit the enclosed corrected drawings.
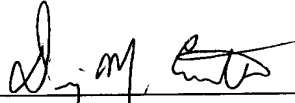

The PTO-948 Notice of Draftspersons Patent Review indicated that the drawings were objected to 37 CFR 1.84(l) due to the poor line quality of figures 15-35. Specifically, the Draftsperson noted that these drawings were "unclear."

Applicants believe the newly submitted drawings are superior and fully responsive to the clarity issue cited by the Draftsperson. Since the drawings are now in order and the

Applicants duly paid the issue fee on July 6, 2004, Applicants respectfully request grant of

the letters patent.

Respectfully submitted,

By _____
